

YOU LITTLE IMPOSTER, YOU.

The Hustler Mini FasTrak™ is not exactly what it seems to be. Zipping around a birdbath, accelerating across a wide-open stretch of bluegrass, now disappearing through a backyard gate, this mower follows in the storied tradition of the first zero-turning-radius lawnmower ever built, a 36-inch cut, homeowner Hustler originally sold in 1964. And now, 40-some years later, we've come full-circle together.

You need professional quality of cut from a durable, operator-friendly mower with a footprint accessible to tiny, out-of-the-way parcels of lawn. And Hustler has responded with the time-saving productivity, the golf-course finish, and the minimal maintenance that homeowners require. And all in a mower with a most pleasant surprise on its price tag.

The compact, very affordable Mini FasTrak brings to the mowing of smaller, tightly congested spaces all the advantages of far larger commercial units, the Hustler mowers proven across five decades of hard, hard professional and governmental use. Look here for a lifetime of dependable performance powered by Honda and Kohler engines, with heavy-duty construction bumper to bumper on an over-built frame -- no lightweight stampings, no occasional welds here as is too often the case with cheap imitators.

Own the Hustler Mini FasTrak. And let the neighbors pretend not to notice.

Optional catchers help the FasTrak and Mini FasTrak maintain a professional quality lawn.

Mini FasTrak™ 36/42 Specifications

| Engine | | | |
|-------------------|------------------------|------------------------|------------------------|
| Model | OHV Honda | Kohler | Kohler |
| Horsepower | 16 | 15 | 17 |
| No. of Cylinders | 2 | 1 | 1 |
| Displacement | 32.3 cu in (530 cc) | 29.1 cu in (477 cc) | 32.6 cu in (535 cc) |
| Compression Ratio | 8.3:1 | 8.5:1 | 8.5:1 |
| Max. Torque | 26.9 ft lbs @ 2500 rpm | 27.0 ft lbs @ 2200 rpm | 30.8 ft lbs @ 2200 rpm |
| Models Available | 16/36, 16/42 | 15/36 | 17/42 |

Electrical System 12 volt, 15 amp regulated

Ignition Electronic

Fuel Capacity 6 US gal (22.71 L)

Transmission Dual hydrostatic, Hydro-Gear EZT

Forward Speeds 0-7 mph (0-11.26 kph), infinitely variable

Reverse Speeds 0-3.5 mph (0-5.63 kph), infinitely variable

Steering Patented Twin-lever, SmoothTrak™ steering provides independent control of each drive wheel. Speed, forward, reverse, brake, and true zero-degree-radius turns are all controlled with hand-operated controls (Patent # 6729115B2-FT)

Brakes

Service Hydrostatic dynamic braking

Parking Sprocket and cog. Patent-pending integral park brake system (when steering levers are placed in off position, park brakes are automatically engaged)

Seat Molded vinyl seat, deluxe high back. Optional armrests.

Accessories

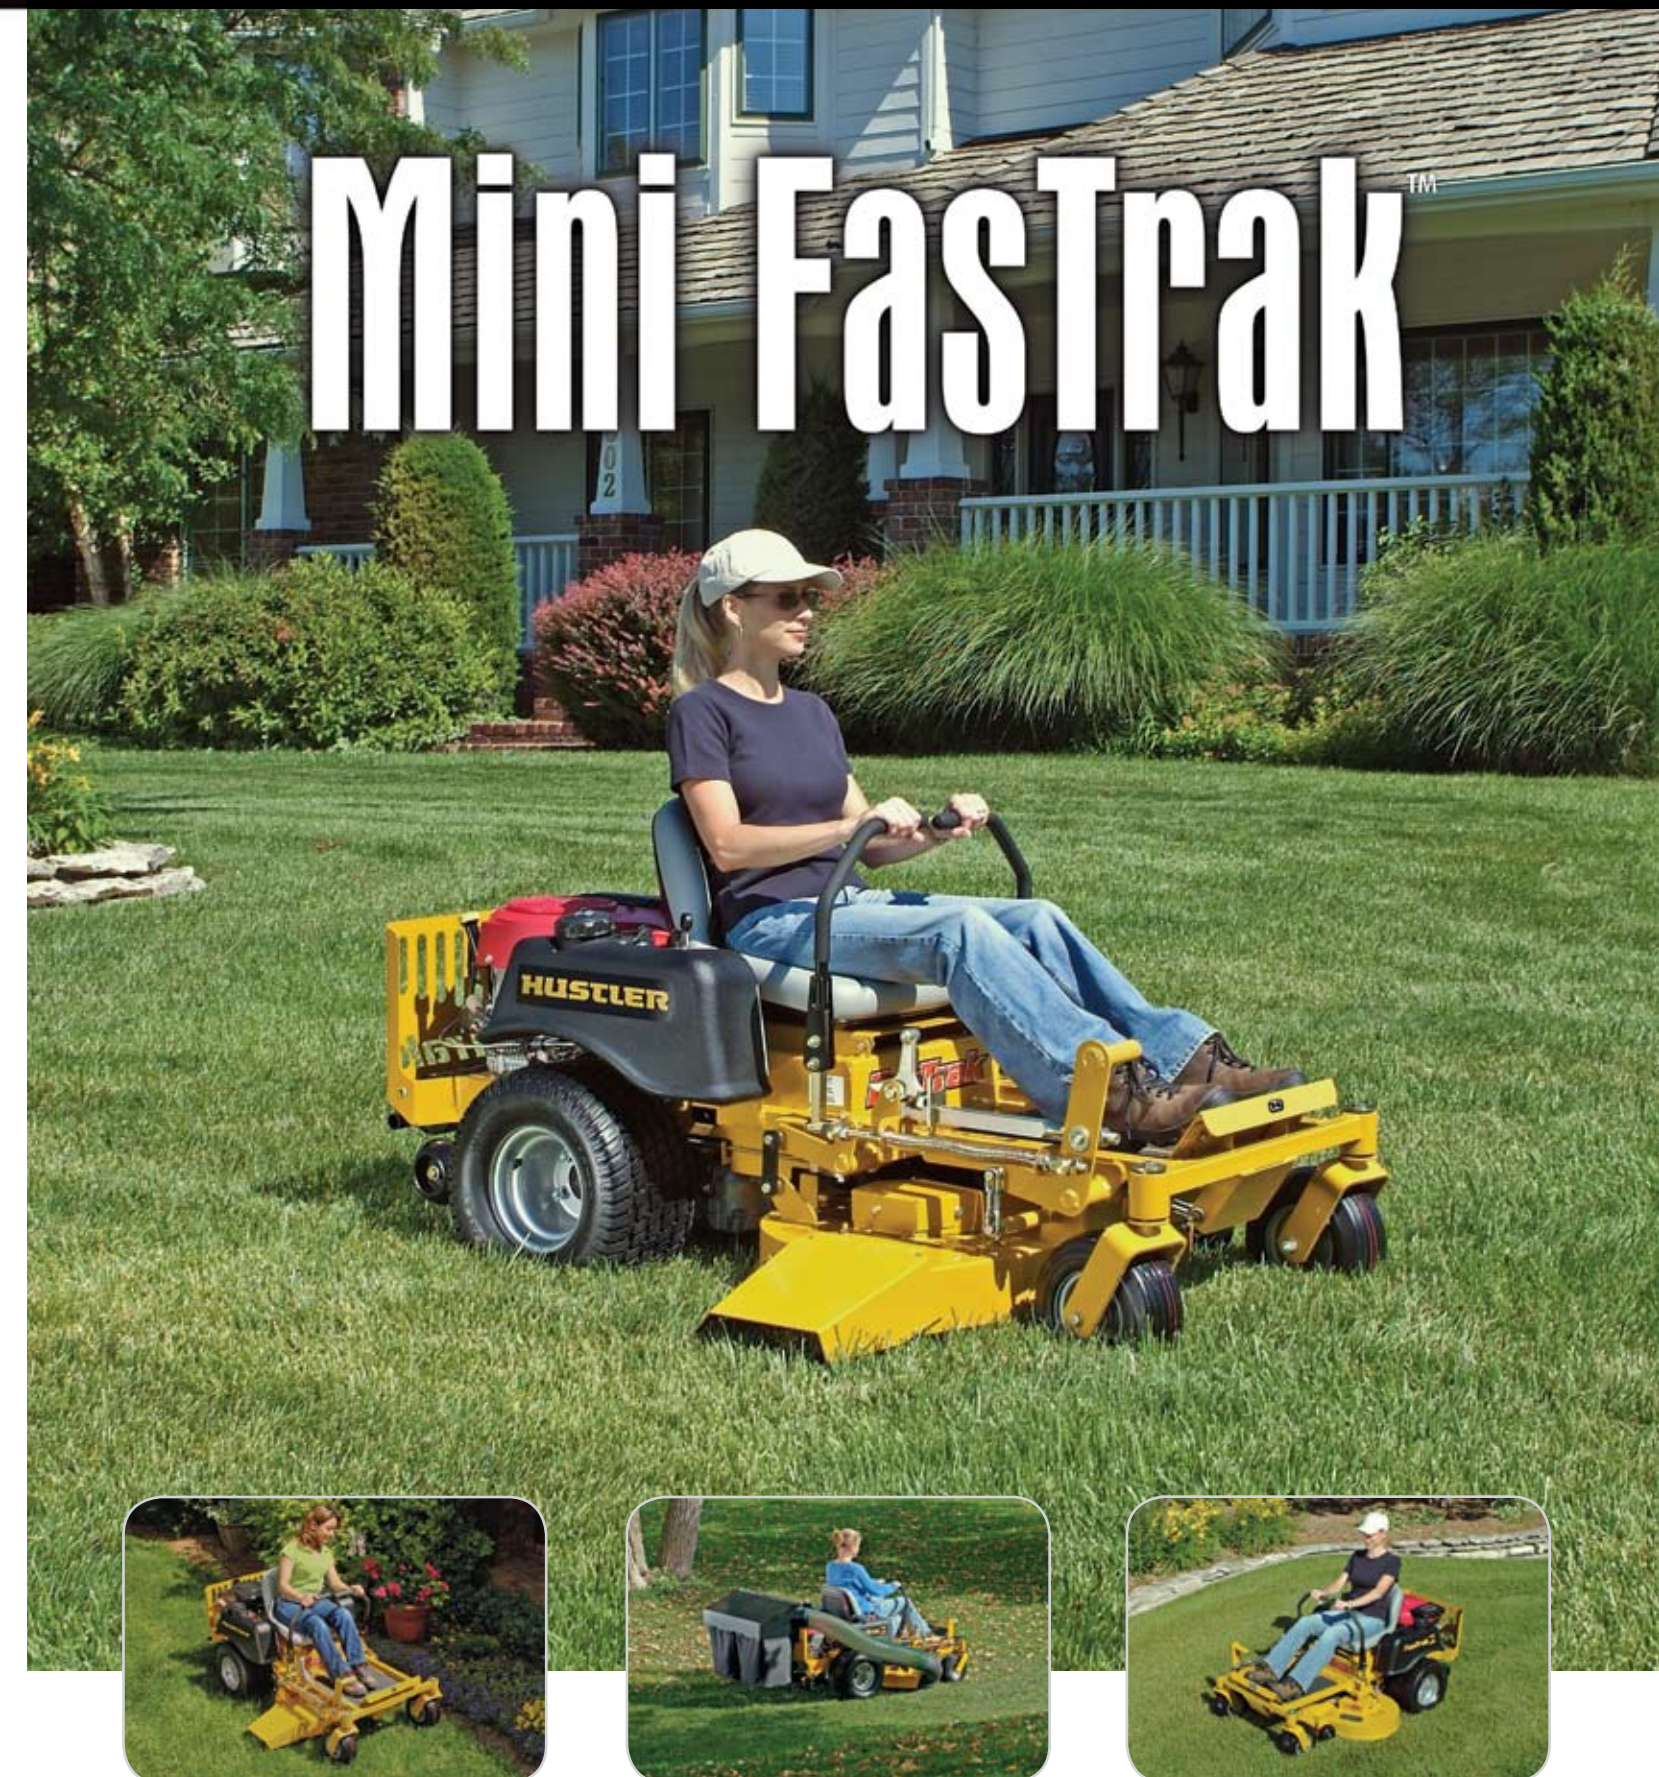

Mulch Kit Recycles clippings under deck allowing clippings to be cut and recut, then discharged down into the grass. Reduces handling of clippings, improves appearance, and recycles nutrients back to the soil. Rear and side-mounted catching systems, hour meter

PROFESSIONAL MOWING COMES HOME™

IN A MORE COMPACT SIZE AND PRICE!

Along with a more compact size, the Mini FasTrak also carries a smaller pricetag. Contact your local dealer to see how inexpensively you can bring professional mowing home to your yard.

LET'S CRASH SOME GATES The very first zero-radius-turning lawnmower ever introduced was the Hustler 36. It was a 36-inch cut, homeowner mower first sold in 1964. Now, 40 years later, the Hustler has come full circle with the introduction of the Mini FasTrak™ – a homeowner unit with a choice of 36 or 42-inch mowing decks.

With the introduction of the Mini FasTraks, now professional mowing is within the reach of even smaller lawns. With 36 and 42-inch mowing decks, more and more homeowners will know the time-saving, zero-degree-turning productivity, the beautiful finished appearance, and the minimal service and maintenance that Hustler has made famous.

BEST WARRANTY* IN THE BUSINESS

- A 3-year bumper-to-bumper warranty-parts & labor
- Lifetime warranty on the tractor frame
- Lifetime warranty on the leading edge of the deck
- 3-years on the blade-spindle bearings
- 3-years on front-caster-fork bearings

* See dealer for details on Hustler warranties.

A FEW MORE REASONS WHY WE'RE THE BEST!

- Heavy-duty construction, – the Mini FasTrak's over-built, welded frame alone setting it apart from cheap imitators with their lightweight stampings and occasional welds
- 36" and 42" side-discharge/mulching decks that will produce the best looking lawn in your neighborhood
- Foot-assisted deck lift system is designed to be the easiest to use in the industry
- Adjustable (fore/aft, up/down) steering levers for ideal positioning.
- Increased cooling capacity for the hydrostats – no routine overheating on slopes as is the case with would-be competitors
- SmoothTrak™ Steering – a steering system that simply must be felt to be believed, far smoother and easier to operate than any other on the market

With the compact Mini Z, gates are no longer an obstacle to your riding mower.

MINI FASTRAK IS SMALL IN SIZE, BUT LARGE IN FEATURES

The maintenance-free EZT transmissions are the heart and soul of the Mini FasTrak's SmoothTrak™ steering

The welded frame is the strongest ever built for the residential market and comes with a lifetime warranty

Honda or Kohler engines provide plenty of high-torque power

Heavy-duty welded decks come with a lifetime warranty on the leading edge

The fuel tanks come with an integrated site gauge allowing you to check your fuel level at a glance
